

# Social Media Fundraising Options

## Sharing Your Prouty Fundraising Page to Social Media

- 1) From theprouty.org homepage, scroll down until you see the Search for a Participant or Team Header. Search for yourself, click your name, and then copy the url from your address bar.

- 2) You can also go your personal page url by going to your participant center and copying the Personal Page URL.

- 3) From there, navigate to Facebook, Instagram or any other social media you use and create a post! Share why you're fundraising, a photo of you Prouty-ing or the person/people you're Prouty-ing for, and paste in your link!
- 4) When your friends and family click that link, they'll be taken to your personal page where they can make their donation!
